# OA-Budget

**If no third-party funding is available, funding of up to EUR 1,000 is possible (DFG-funded Open Access budget).**

## Conditions:

- Employee must be the "submitting author" or "corresponding author" with a GFZ affiliation.
- The article was written at the GFZ and the publication costs were borne by the GFZ.
- GFZ affiliation must be in 1st place

## Requirements for the journal:

- The journal must be a Gold Open Access journal
- The quality of the journal must be ensured by approved quality procedures.
- The journal should be listed in the Directory of Open Access Journals (DOAJ)
- If the publication is published by a commercial publisher, the publisher should be a member of the Open Access Scholarly Publishers Association (OASPA) and meet its criteria.
- It is recommended to publish articles under the liberal CC BY license.

# OA-Budget

If no third party funding is available, up to 10% of the possible Open Access budget can be used.

The library checks each publication for eligibility. If these conditions are met, the open access budget is automatically used.
